

# To Copy the lobby chat and the table chat in the event of any nastiness or problems

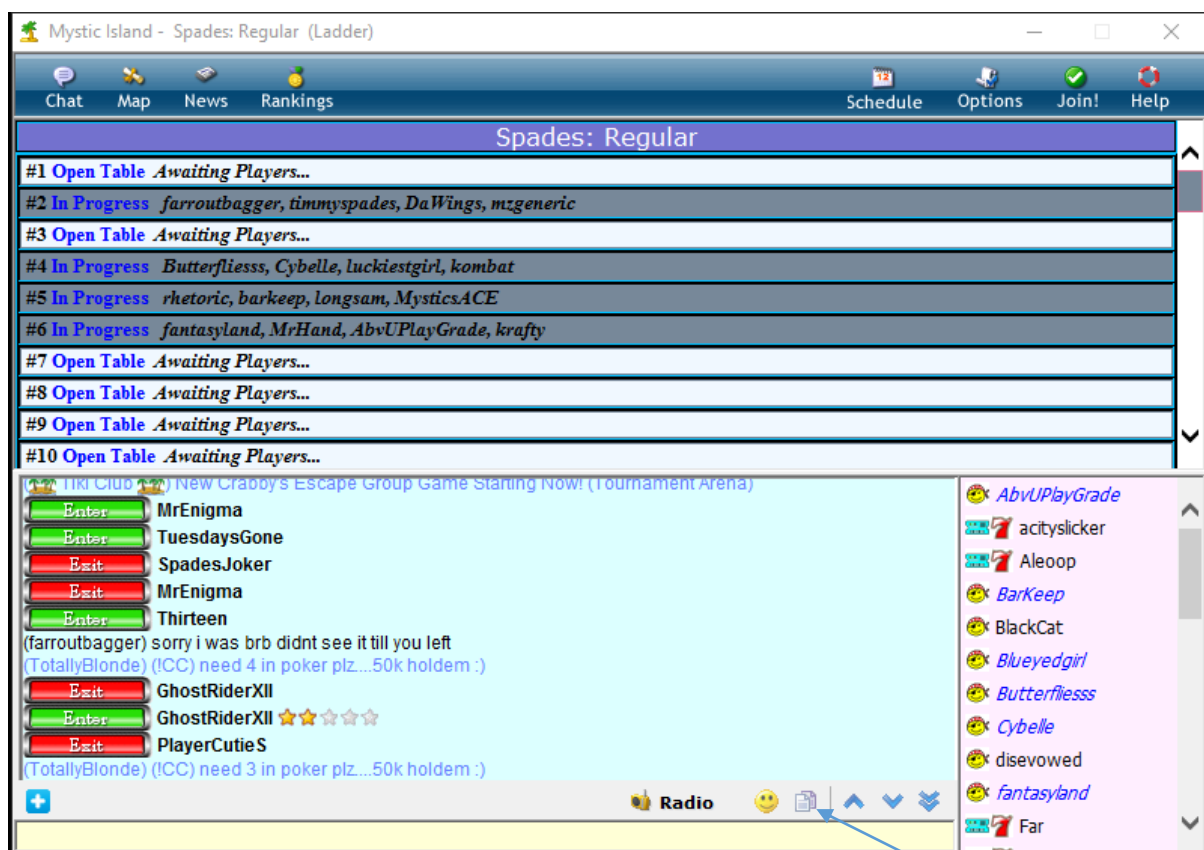

Please note, you must send the information to the right persons/groups

Diehard Euchre can only act on things that happen in a Diehard tournament. Should things happen in another groups tournament please contact that group. If in a ladder room or Wilson Dupe Spades please contact [help@mysticisland.net](mailto:help@mysticisland.net)

For this you will need a basic text/word editor. Note Pad is ideal for this and come with every windows PC.

## To copy the lobby chat

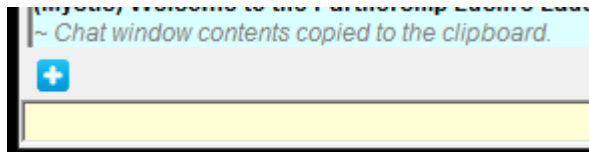

This is the easy one!

Above you will see a typical lobby window, to copy the lobby chat simply click on this icon above the chat entry area.

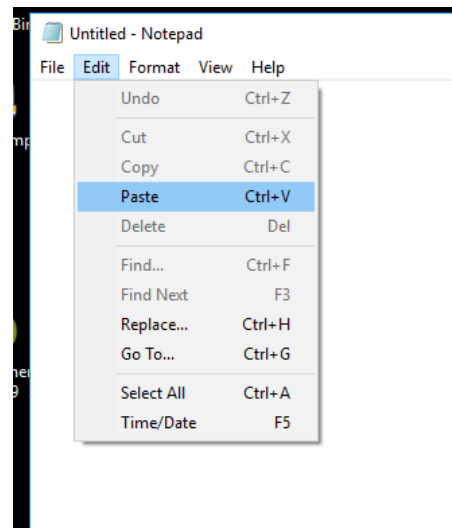

You should see “~Chat Window contents copied to the clipboard” as below

it will copy over 250 lines from the lobby

Now open notepad on your computer, it should be in the windows accessories section of your windows menu list.

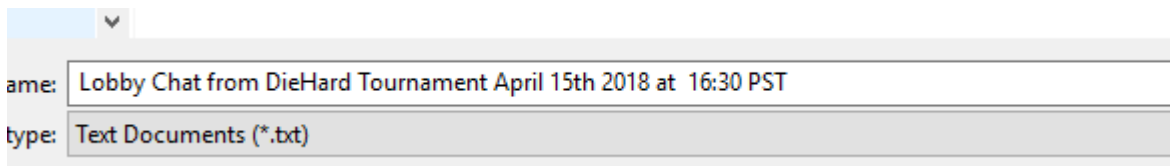

Once you have notepad open select the edit menu and then paste (or simply use Ctrl and v).

Just save the the file with “save” from the file menu. It will default to your documents loaction. Please choose a name, such as

“Lobby Chat from DieHard Tournament April 15th 2018 at 16:30 PST”

As shown below, (please change to the current date and time!)

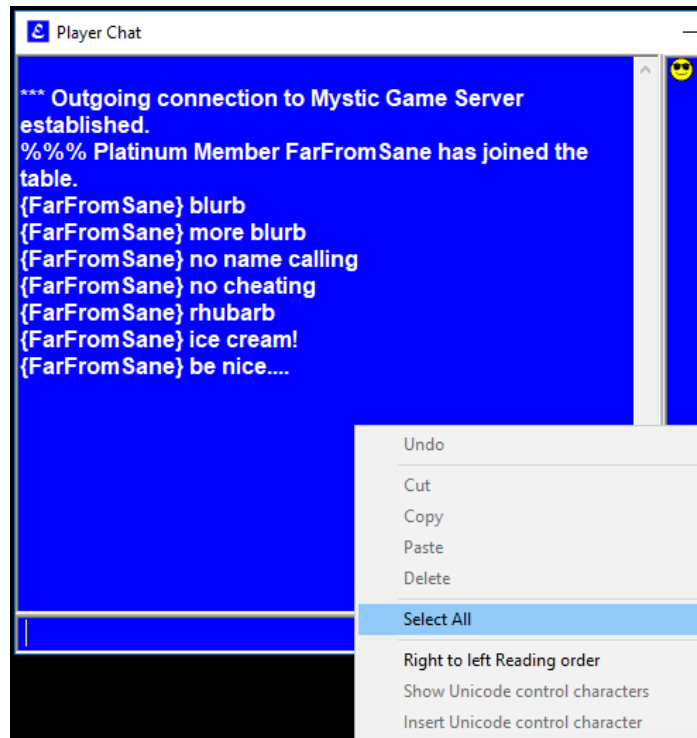

Then email the file to the right tournament group or [help@mysticisland.net](mailto:help@mysticisland.net) if in a ladder room

## To copy the game table chat window contents

This requires an extra step and the use of the right mouse button. As above you will need a basic text/word editor. Note Pad is ideal for this and come with every windows PC.

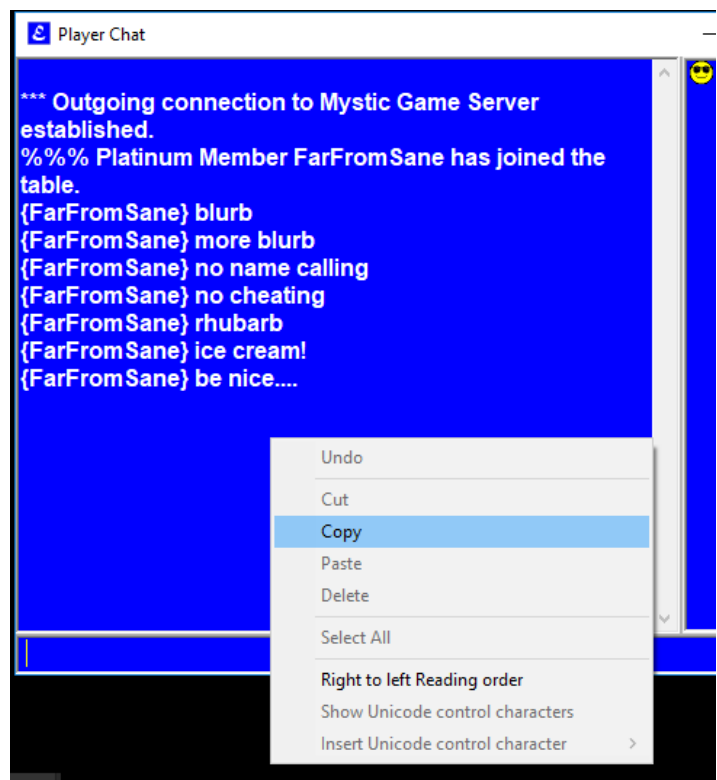

### Step 1.

In the table chat window/Box right mouse click in the area above where you enter your text and choose select all, by left clicking on the "Select All" (highlighted in the picture).

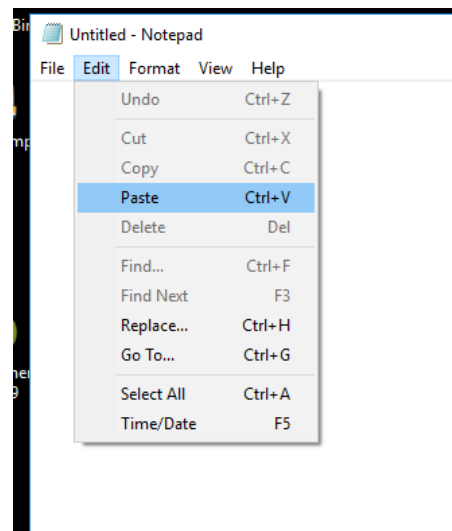

### Step 2.

In the table chat window/Box right mouse click in the area above where you enter your text and choose copy, by left clicking on the "Select All" (highlighted in the picture).

Now open notepad on your computer, it should be in the windows accessories section of your windows menu list.

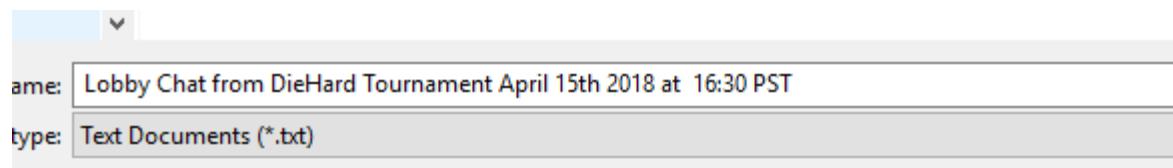

Once you have notepad open select the edit menu and then paste (or simply use Ctrl and v).

Just save the the file with “save” from the file menu. It will default to your documents loaction. Please choose a name, such as

“Table window chat from DieHard Tournament April 15th 2018 at 16:30 PST”

As shown below, (please change to the current date and time!)

Then email the file to the right tournament group or [help@mysticisland.net](mailto:help@mysticisland.net)
